\$80,000 UPGRADE TO LIGHTING AT UPPER FERNTREE GULLY FOOTBALL CLUB

Jason Wood, Liberal Member for La Trobe, announced today that a re-elected Turnbull Government would deliver \$80,000 to the Upper Ferntree Gully Football Club to ensure that the well-known club can continue to serve its community.

Since the Upper Ferntree Gully Football Club began operations in 1948, it has grown to accommodate a large portion of the community over time.

Mr Wood confirmed that this funding will go towards upgrades for much needed lighting facilities for the club.

“Upper Ferntree Gully Football Club is a safe, supportive and friendly place for children of all ages to learn and play sport. It fosters growth and inspires courage for all children of the community, Mr Wood said.

“Upgrading the lights at Upper Ferntree Gully means that members of the club can play into the evening rather than risking their safety at times as early as 6pm during winter.

“The Turnbull Liberal Team recognises the important role that sporting groups such as Upper Ferntree Gully Football Club play in the broader community.

“We are dedicated to assisting and supporting these groups so that they can continue to benefit their community,” Mr Wood said.
